HEAT EXCHANGERS
PRODUCT CATALOGUE 2019

Heat Exchangers Processed Through:

- Liquid Penetrant Test.
- Hydrostatic Pressure Test.
- Ultrasonic test.
- Radiography Test.
- Oil Flushing of Complete Heat Exchanger.

Oil Flushing Unit:

Radiography Interpretation:

Liquid Penetrant Test:

Introduction

- Design & Manufacture of Heat Exchangers and Pressure Vessels since 1998.
- QMS is certified to ISO 9001 : 2015
- Manufacturing Shop Approved to ASME 'U' Stamp for Coded Heat Exchanger & Pressure Vessels
- Heat Exchanger certification with CE Marking.
- Expertise in Manufacture Heat Exchanger using following materials
 - Copper & Its Alloys
 - Stainless Steel in various grades like AISI 304, 316, 316L, 304 Ti, 316Ti Duplex & Super
 - Duplex
 - Titanium
 - Hastalloy
- Application Successfully demonstrated in
 - Process Industries
 - Power Generation, Transmission & Distribution (Thermal and Hydro)
 - Steel Industries
 - Oil & Gas Industries
 - Food Industries
 - HVAC
 - Pulp & Paper
 - Hydraulics & Lubrication

COMPANY PROFILE

Vision

- Customers : Offer cost effective solutions / products by anticipating & identifying their needs.
- Suppliers : Educate, Develop and maintain effective supply chain to bring in value added propositions to our customers.
- Employees : Provide an environment of mutual respect and challenges to enhance skills and encourage continual growth.

Mission

- Strive to realize our vision by continuous improvement in manufacturing process, quality control and by total employee commitment.
- while carrying out our mission, we will not exploit our customers, Employees, Suppliers, Government, Society and nature.

Quality Policy

- We at "Appareillages Et Bancs Hydrauliques Chatelleraudais" design and manufacture Heat Exchangers and pressure Vessels and are committed to :
- Satisfy our customers and thereby achieve the business growth of our employees.
- Continually improve our Quality Management System with respect to ISO : 9001-2008 standard
- Strengthen our supply chain. Adhere to applicable legal requirements.
